

# OLAWALE ONAFESO

---

## JUNIOR .NET DEVELOPER

---

+2348186088250 • Lagos, Nigeria • [onafesowale@gmail.com](mailto:onafesowale@gmail.com) • [LinkedIn](#) • [Github](#)

### WORK EXPERIENCE

---

**Afe Babalola and Co. (Legal Practitioners) - Lagos, Nigeria** September 2021- June 2022  
**Legal Data Analyst**

- Created reports for senior management based on data collected from internal systems, including litigation trends and case status updates.
- Provided training to staff members on how to use organization software tools (Excel, Word, etc.) for legal purposes.
- Assisted in the development of a new system to track and monitor all legal documents, resulting in an 80% decrease in time spent on administrative tasks.

**Tasty n' Rich - Lagos, Nigeria** June 2022- Current  
**Junior Net Developer (volunteer)**

- Working with other developers to carry out regular code reviews to ensure that new code follows established standards
- Created new code to add features such as web forms
- Debugging and troubleshooting existing code to identify and fix errors

### EDUCATION

---

**University of Lagos - Lagos, Nigeria** 2014-2019  
LL. B (Second Class Upper)

### PROJECTS

---

- Built an e-commerce web app, implementing features such as Authentication, Authorization, External login, Client and server-side validation among others.
- Created a secured RESTful web API using JWT and also making GET, POST, PUT, PATCH and DELETE calls to the API.
- Built an AJAX web form to implement CRUD (Create, Read, Update and Delete) operations.
